REPORT OF THE PRESIDENT

*To His Excellency, the Governor,
The Members of the Legislature,
and the Department of Public Welfare.*

The Trustees of the State Hospital of the Northern Anthracite Coal Region, at Scranton, Pennsylvania, herewith submit reports covering the operation of this Hospital for the two fiscal years ended May 31st, 1921, and May 31st, 1922, respectively. The accompanying statistics set forth in detail the work done in each department.

The total bed days for the year ended May 31st, 1921, were 51,380, and for the year ended May 31st, 1922, were 56,514, as compared with 49,621 for the year ended May 31st, 1920. The total number of Dispensary visits were 14,718 for the year ended May 31st, 1921, and 18,244 for the year ended May 31st, 1922, as compared with 12,780 for the year ended May 31st, 1920. These figures indicate the continued increasing demands upon the Hospital.

The per capita cost for the year ended May 31st, 1922, was \$3.15 per day, and \$3.39 per day for the year ended May 31st, 1921. These figures compare favorably with costs of other general hospitals of like size and character.

At the last Session of the Legislature, in 1921, we requested an appropriation of \$250,000.00 for Maintenance for the ensuing two years, ending May 31st, 1923, which amount was approved by the Board of Public Charities, but the Legislature appropriated only \$236,000.00, and finally the Governor in approving the bill further reduced the appropriation to \$200,000.00. Had the full amount of \$250,000.00 been appropriated, as requested by us, we would be able to operate the Hospital without incurring a deficit in our Maintenance account covering this biennium. However, as a result of the inadequate appro-

priation received, we unfortunately are again confronted with a deficiency to meet which an appropriation will be requested at the next Session of the Legislature.

As outlined in our last report, an addition to our Nurses' Home and a new Dining Room and Kitchen for the Nurses are badly needed. In compliance with our request, the Legislature appropriated \$47,000.00 for the Nurses' Home addition, and \$35,000.00 for the Dining Room and Kitchen, but the Governor in approving the Bill reduced the former item to \$20,000.00 and the latter item to \$15,000.00, with the result that neither sum was sufficient for the purpose intended, and we accordingly have been deprived of these very greatly needed improvements.

We also pointed out in our last report the need of additional Laundry capacity, as well as more Dispensary room, but no funds were appropriated for these improvements.

It has been our constant endeavor to conduct the Hospital on a highly efficient basis and to furnish such service as fully will meet the needs of the community, but obviously this is impossible without proper facilities and equipment, and these cannot be provided unless ample funds are appropriated therefor. We again call your attention to these necessities and ask for your earnest consideration of our request for funds with which to provide same.

The Trustees express their grateful appreciation to all Staff members for their efficient and loyal services, and to all others who by their interest and co-operation have contributed to the welfare of the Hospital.

Respectfully submitted,
FRANK HUMMLER,
President.

**REPORT OF
THE SCHOOL OF NURSING**

For the Year Ending May 31st, 1922.

To the Board of Trustees of the State Hospital:

GENTLEMEN:

I beg to submit the annual report of the School of Nursing which differs little from that of last year. The census at present is as follows:

Directress School of Nursing.....	1
Assistant Directress.....	1
Instructor	1
Night Supervisor.....	1
Supervisors	5
Pupils of the Senior Class	6
Pupils of the Intermediate Class	15
Pupils of the Junior Class	19
Pupils of the Preliminary Class.....	4
Total.....	53

Some changes in the Nursing Staff have occurred. Miss A. Cawley, Assistant Directress, resigned on the 8th of April and Miss E. Lightbody was appointed to succeed her. Resignations have been received from Miss Colestock, the Instructor, and from Miss Merkel, the Dietitian; the Instructors position is still unfilled; Miss Wilcox is recommended as Dietitian.

Graduation exercises were held at the Century Club on the 26th of May, when diplomas were presented to 11 graduates by Dr. W. G. Fulton. Mr. Hummler, President of the Board of Trustees, presided. Addresses to the Nurses were given by Dr. W. G. Fulton and Dr. W. M. Reedy.

We wish to express grateful appreciation to the Physicians and Surgeons of the Staff for their unfailing interest in the welfare of the School and their co-operation in the instruction of the various classes, and to acknowledge with sincere thanks the support of your Board and Committee of the School of Nursing.

Respectfully submitted,

E. FRISBEE,
Directress, School of Nursing

AN ACT OF ASSEMBLY

Incorporating the State Hospital of the Northern Anthracite Coal Region of Penn'a.

AN ACT

To provide for the Acceptance by the Commonwealth of Pennsylvania of a Conveyance of the Real Estate, Buildings and Personal Property of the Lackawanna Hospital of Scranton, Pennsylvania, to be used as a State Hospital for the Northern Anthracite Coal Region of Pennsylvania; Providing for the Incorporation of "The Trustees of the State Hospital of the Northern Anthracite Coal Region of Pennsylvania" and for the Management of the same; and making an Appropriation for the Repair and Improvement thereof.

Whereas, The Lackawanna Hospital of Scranton, Pennsylvania, has, since its organization under special charter from the Legislature in one thousand eight hundred and seventy-one, maintained a public hospital and dispensary in the City of Scranton, Pennsylvania, for the reception and care of the sick and injured of that city and vicinity; and

Whereas, There is at present no State Hospital for the Northern Anthracite Coal Region, although such a one is imperatively required, and the said Lackawanna Hospital of Scranton, Pennsylvania, whose hospital is located in the center of said region and convenient of access to every part thereof, are willing to convey to the State their property in said City of Scranton to be used and managed as a State Hospital for the reception and care of the sick and injured of said district; Therefore,

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met an it is hereby enacted by the authority of the same, that the Governor of this Commonwealth is hereby authorized on behalf of this Commonwealth, immediately after the passage of this act, to accept a conveyance and transfer by deed in fee simple from the Lackawanna Hospital of Scranton Pennsylvania, to the Commonwealth of Pennsylvania, of all the real estate, buildings and personal property of said hospital, and upon the execution and delivery of the said deed, the Governor shall cause same to be recorded in the proper county. Whereupon, immediately after the passage of this act, the Governor shall appoint a board of trustees consisting of nine members, who shall be a body corporate by the name and style of "The Trustees of the State Hospital of the Northern Anthracite Coal Region of Pennsylvania," without compensation other than necessary traveling expenses, in the discharge of the duties pertaining to the above, and such expenditures shall be paid out of moneys not otherwise appropriated, and who shall manage the concerns of said institution and make all necessary regulations not inconsistent with the Constitution and Law.

Section 2. This hospital shall be specifically for the care and treatment of injured persons in the Northern Anthracite Coal Region, composed of the County of Lackawanna, and the Counties of Wyoming, Susquehanna and Wayne, and persons of this class shall have precedence over all others.

Section 3. It shall be lawful for the trustees to receive contributions or donations, offering to contribute or donation, whether by will, deed, or otherwise, for the maintenance and for improvements, that the proceeds of all contributions and donations received by the trustees under the preceding section shall be applied for the purpose of the said hospital, and the statement of the same, together with the names of any person who has given money, shall be published in the same as soon as practicable.
